Thank you for your interest in this survey! Your participation is very important, as you have been statistically selected for this survey and will represent thousands of researchers with your response.

This survey is part of the Thomson Reuters [Global Institutional Profiles Project](#), and, importantly, will support [our work with Times Higher Education's World University Rankings](#). It will be part of a data source that promises to provide the best informed and most effective resource to build profiles of academic institutions around the world.

It will take about 20 minutes to complete this survey. If you are unable to complete the survey in one sitting, you can click on the link later and you will be able to continue the survey where you left off.

Please do not use your browser's "back" or "forward" buttons; use the button at the bottom of each survey page.

Your answers will be combined with many others' and analyzed in aggregate.

We appreciate your time investment—to thank you for your participation, you will receive:

- a free sample digital edition of the award-winning, Times Higher Education magazine including a special subscription offer
- a free digital version of the 2013 World Reputation Rankings special supplement, including full results and analysis of last year's "Academic Reputation Survey"

We sincerely appreciate your time and investment in this survey and the Global Institutional Profiles Project! We are committed to delivering new perspectives on institutional evaluation, and look forward to sharing survey results with you and the community.

Please answer a few background questions that will be helpful in understanding your opinions.

What is your current job role? (Please choose the category that is *closest* to your role.)

- Senior institutional leadership (e.g. President, Provost, Vice Chancellor, head of school/faculty)
- Academic staff (e.g. professor/senior lecturer/lecturer)
- Research staff (Staff who primarily conduct research, e.g. research fellow, postdoctoral researcher and contract researchers)
- Management and administrative staff (Staff whose responsibility focuses on a functional area or services, e.g. library, research office, teaching office, and other administration)
- Teaching staff (Staff primarily employed in teaching)
- Graduate/post-graduate student
- Other position at an institution
- Not currently working at an institution

Academic Reputation Survey

We will now ask you to identify the academic institutions that you regard as the best, in terms of RESEARCH and in terms of TEACHING.

Please remember:

- Where applicable, consider either graduate-level or undergraduate-level teaching, or both, as appropriate.
- For the purposes of the next few questions, available responses are limited to universities and colleges, and other post-secondary schools. A question presented towards the end of the survey will address non-university institutions such as research institutes.

THE BEST RESEARCH COLLEGES/UNIVERSITIES IN YOUR REGION. Later in the survey you will be asked about the best NON-UNIVERSITY institutions.

Please think about **research only** for this question.

You mentioned that your primary subject area is **Archaeology**. Please choose up to 15 institutions in **North America** that you regard as **producing the best research** within that subject area. You may choose fewer than 15 if desired.

Please note that only the overall academic institution is included in these lists, individual schools and programs are not listed. Additionally, you may find that some institutions are in the list more than once with different name variants. Please choose the name variant you are most familiar with.
